Assemblies- Indoors or Outdoors

The Waterbeat –Water Education Through Movement.

Water science/music/PE assembly- 30-40 minutes

Featuring original music by ZunZun to coincide with movements/games/sequences about water science, water conservation, watershed protection, pollution prevention, energy use, climate change and aquatic wildlife.

-Battery powered sound system for outdoor use (playgrounds and parks)

-Program can be bilingual in Spanish/English.

-Very active and fun!

ZunZun, the award-winning children’s performing arts group, brings an engaging, musical movement educational assembly to your students and staff!

Assemblies teach your students about watershed awareness and water conservation in a fun, lively, and humorous performance!

Grades K-6 **Bilingual shows available!** (Spanish-English)

Meets State Content Standards! 30-40 Minutes
